ABOUT ME

Ali Azem Taş, was born on February 22, 1993 in Istanbul. After completing his primary and high school education in Istanbul, he took the university exam in 2011 to study the history department that he had always dreamed of; He went to **Çanakkale** to become a historian.

During his university years, he worked part-time at **Çanakkale Onsekiz Mart University Radio Campus FM - Radio Ton** for about 3 years as the main broadcast control officer. He made Turkey's first technology and game based radio program that **Teknokulis**. He also wrote regular columns for **haber8mart.com** and **+ Alem Magazine** on technology pages.

He took his first step into the sector by starting to work at **Koperatiff Advertising Agency** in **August 2019**. Here, I contributed to all graphic design solutions that the customer needs such as social media, corporate identity, web design, packaging design, logo design, catalogs, brochures, magazines, videos. During his time here, he worked in projects of many important brands such as **Abdi İbrahim, Ramada Istanbul Asia, Atalian, Coca Cola, Brandium AVM, Ritim Istanbul AVM**.

Working at **Boden360** since February 2022. Here, he works on projects of many important brands such as **Kaspersky, Therabody** and **Atlantis Yapım**.
